active researchers and scholars in academia and industries. Out of which 14 papers were received from out side Gujarat. After proper review of the papers by eminent reviewers, 88 papers were selected for conference presentation. The topics of the presented work was comprising of latest and state of the art issues of engineering and technology like computational fluid dynamics, seismic response, cloud computing and image processing etc. There were total 137 participants under student category and 41 entries under professional category. Apart from the paper presentation, expert talks were presented by key-note speakers in all the four tracks,

before the starting of sessions.

Well known academicians and researchers were specially invited for the same. A panel of session chairs and jury members was formed with distinguished personalities of the respective field. All the key-note speakers, session chairs and jury members were associated with various NITs in and outside Gujarat, Government engineering colleges, well known engineering colleges and Universities.

A special heritage visit tour and gala dinner was organized during the evening of 17<sup>th</sup> April, 2015.

Principal and Convener, coordinator of the event congratulated the participants for their successful presentation in the conference through her message.

Awards were given to the participants by institute as bellow. Some of the participants provided their feedback and appreciated the efforts put by the institute. All the participants collectively suggested to organize an **International Conference** and also start publishing the **technical journal** in the coming year.
