

Department of Humanities

23rd March, 2013

SMT. S. R. PATEL ENGINEERING COLLEGE

Workshop Report

A Workshop on Personality Development

Objectives:

The Workshop was intended to help the students understanding the various facets of Personality and how it can be used to sustain in the competitive arena along with the Technical Competencies. It also aimed at creating an awareness amongst the students related to the benchmark practices implied in the organization.

Smt. S. R. Patel Engineering College arranged a workshop for the students and faculties on 23rd March, 2013 with an objective of helping the students to understand the importance of Soft skills along with the Technical Knowledge.

The Workshop was scheduled for 23rd March, 2013 at 2:15 p.m.. It was an enchanting experience to see the excitement of the students for the event.

The instructor began the workshop by

making students what they are supposed to achieve in life and also stressed on how they should direct their life to achieve the goals set. It also emphasized on how personality and its features can help them to achieve the goals in a better way.

Students were also asked to play some informative games which reflected important messages. At the end, a query and feedback session was held to know the experience better.

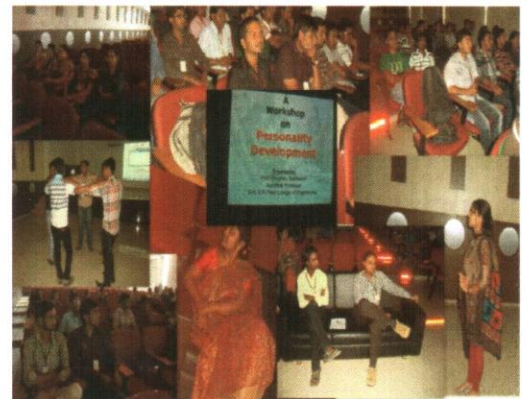

Course Instructor:

Prof. Khushbu Sadhwani
Assistant Professor,
Smt. S.R. Patel Engineering College

Event Flow:

The instructor emphasized on the following points during the Workshop:
